200 Farmers Attend Pasture Meeting

Department of Lands and Mines officials were in Wainwright last Thursday to assist in what must be done with the Buffalo Park Reserve which has reverted from the Dominion Government Parks Department to the Alberta Government.

A well attended meeting got under way in the I.O.O.F. Hall with Mr. L. A. Macdonald in the chair. Mr. H. A. Kynnerley, Director of Grazing and Community Pastures of the Department of Lands and Mines, spoke briefly to the gathering on the Provincial Policy in regard to crown lands and stated that the department wished to give the residents surrounding the area a chance to lease this land and form it into a locally governed community pasture.

During the question period that followed the meeting passed a resolution that the Province take over the land and form a Provincial Community Pasture. Due to this fact that all the land in the area concerned is not owned by the Province, Mr. Kynnerley stated that the Department's policy is to aid in organizing local community pastures and not to put on each farmer and rancher to the numbers going into the reserve.

The park area has been looked upon as a desirable community pasture area for several years. The area outside the fence, that is under question now is only a small part of the total area in the Wainwright Buffalo Park. However with the pasture association set up, the farmers are in a good position to take over any or all of the area that may be released from the Department of National Defence.

Legion Secretary Receives Thanks For Canteen

R. L. Mundare, Alberta
17 February, 1948

Chas. H. Horn, Reg.
Sec. Canadian Legion
Wainwright, Alberta.

Dear Comrade Horn,

I feel that I must write to the Wainwright Branch of the Canadian Legion and the Ladies Auxiliary to commend you both for the most excellent canteen operated by your organizations. As you know, I recently spent two weeks at Wainwright Military Camp as a member of Exercise HUSKY II, and during that time I had occasion to visit your canteen many times. On each visit I was more and more impressed by the great work being done in operating such a canteen in the town of Wainwright, especially at such time as the camp was in operation. I was amazed at the number of civilians and soldiers who were present always and I can assure you that the unfailing courtesy and helpfulness of all your voluntary attendants is really wonderful. I want to thank you all personally for myself and for those who were my guests for the pleasure of being among those present at your canteen.

I also want to thank you for the gifts of papers and magazines which you collected so that I might take them to camp for distribution among the boys.

I would like also, to tell you again how very much the canteen operated by your organizations in February 1947 for the original Exercise HUSKY was appreciated and what a great assistance it was in the administration of that camp.

Before closing this letter I must wish the Legion and the Auxiliary the very best of success in all your ventures, and I especially hope that the cooperation between the two allied organizations will continue, and that "The Canteen" will continue to be operated as a shining example of the cooperation so evident during the war, which made it possible for us to still have a Canada and a Canadian Legion.

With very best personal regards,

Sincerely,

FRANK J. W. FANIE,

Major,
The Royal Edmonton Regt.

It Happened In Ire

The bus was very full, and at a stopping place an elderly woman rose somewhat slowly to leave.

"If you'd eat yeast, ma'am, you'd rise quicker," said the portly young conductor. "And if you'd take yeast," retorted the woman, "you'd be better bread."

Red Cross Open Campaign This Week

Expansion of the Red Cross Sick patients in Canada in 1947, depends on contributions to the national campaign for \$2,000,000 opening March 1.

Crutches, wheel chairs, hospital beds and other expensive and hard to obtain supplies are loaned free of charge.

Showers Honor Former Miss. Beth McTurk

A miscellaneous shower was held on Monday afternoon, February 28th, at the home of Mrs. Stanley Chynoweth, in honor of Miss Beth McTurk, a bride-elect of that week.

A pleasant social afternoon and cocktails were enjoyed after which Mrs. C. Williams on behalf of the gathering presented the guest of honor with a pink and white tub full of gifts for which she fittingly thanked those present.

A dainty lunch was served by Mrs. Chynoweth assisted by the ladies.

Miss Fern Gardner was hostess to some fifteen friends on February 11, in honor of Miss Beth McTurk. A bride of the following week. An enjoyable evening was spent during which Miss Gardner presented Miss McTurk with a lovely decorated carriage full of gifts, for which she thanked her friends. A dainty lunch was later served. We wish Beth every success in her future married life.

Poets Corner

By Faith—Ye Shall Be Healed

A Prayer

All Mighty God, our Heavenly Father

We thank Thee for Thy mercies to all mankind

We thank Thee that Thou art not hard to find

We thank Thee that Thou does not need a flowery prayer

Just a sigh from the heart—and Thou art there—

I open up my inmost door

And Thou Thy blessings on me pour

Every morning—in my bed

My relations, friends gather round my head

As I then view—To Thee I pray

O Lord, Thy will, be done this day

There is also a large order run—by Thy grace I bid them come

All the corners of the earth they are from—

To Thee no difference race or color if—we only heed—

Thou made us all, Thou knowest all our need

O God! let Thy Holy Spirit dwell within each soul

That when our earthly race is run We may reach the goal

And hear—Thy—well done.

—ADVE.

LIFE

Henry Van Dyke

Let me but live my life from year to year

With forward face and unreluctant soul

Not hurrying to, nor turning from,

Not mourning for the things that disappear

In the dim past, nor holding back in fear

From what the future velle, but with a whole

And happy heart, that gladly pays its toll

To youth and age, and travels on with cheer.

Information Re Amalgamation Of U.F.A. and A.F.U.

The United Farmers' Union of Alberta and the Alberta Farmers' Union in Convention, have adopted the following resolutions:

1. That the delegates of the A.F.U. assembled in Convention go on record as endorsing this amalgamation of the two bodies.

2. That the delegates of the A.F.U. assembled in Convention go on record as endorsing this amalgamation of the two bodies.

3. That the delegates of the A.F.U. assembled in Convention go on record as endorsing this amalgamation of the two bodies.

4. That the delegates of the A.F.U. assembled in Convention go on record as endorsing this amalgamation of the two bodies.

Reeve Reports to Ratepayers at M.D. Annual Meeting

Mr. Chairman, Ladies and Gentlemen: Once again your Council has the privilege of attending the annual meeting of the ratepayers to discuss the affairs of the Municipal District.

Municipal Government is the closest to the people, as a Government elected by the people, we are vitally affected by the decisions in the field of Federal and Provincial relations.

Your Council were agreeably surprised as collections were much better than expected.

During the year grants of \$200.00 were awarded to each of the villages of Irma and Chauvin towards providing for public Rest Rooms after continued on page 6

Eileen Oldham Receives Gift From Lieut. Gov. Bowen

While visiting with her parents Mr. and Mrs. Seth Oldham, at the home of her grandparents, Mr. and Mrs. Ben Oldham, in Wainwright, little Eileen Oldham had the misfortune to have a peanut become lodged in her lung. She was taken to the local hospital first and then rushed to the University hospital, where she underwent an emergency operation from which she recovered very well.

While in the University hospital Eileen was placed in an adult ward due to the children's ward being isolated, and while there the ward was visited by Lieut. Gov. Bowen who stopped and visited with the little girl and sent down town for a lovely doll, which he gave her as a gift. Needless to say this will be a much valued gift and keepsake for years to come.

GREENSHIELDS

Master Gordon Stuart was a hospital patient during the past week, but is recovering nicely now at home.

Mr. A. E. Kell has been confined to his home for over two weeks and we hope to see him out and around again soon.

Mrs. Rufus Carl was the substitute teacher at Wainwright Public school for a couple of days last week.

Mr. Verne Lindberg returned home from Camrose via bus on Monday night, accompanied by his father who will visit with acquaintances here for a few days.

Mr. and Mrs. W. C. Jackson were weekend visitors at the home of their son-in-law and daughter Mr. and Mrs. Harry Symes.

Mrs. A. Brault and Lawrence are spending a few days in Edmonton.

They were accompanied by little Miss Beverly and Miss Lorraine Beech.

Europe was the cradle of our culture. Help to restore their intellectual life by giving NOW to the Canadian Appeal for Children.

Many people find this new B of M service a real help in saving for some thing worth while, points out Mr. Smith, local manager. Since the proceeds of their Certificates go straight into their savings accounts, they're less inclined to spend the money than if it passed through their hands first.

Make a point of putting your Certificates into B of M safekeeping tomorrow. It's a safeguard for your plans for the future—and a step you won't regret.

Ain't It The Truth

Rate husband! Believe me, I certainly would give anything to know why God made you women so beautiful yet so awfully dumb.

Wife: Well, I'll tell you, my dear. God made us beautiful so you men could love us, and he made us dumb so we could love you.

Conductor Arranger

Percy Faith, whose semi-symphonic arrangements are played by an orchestra under his direction on the "Contented Hour" Mondays at 8:00 p.m. over the CBC Dominion network.

Faith began his musical career as a concert pianist and violinist in Toronto, his home city, and during the 30's became widely known as conductor and arranger on CBC musical shows. Since 1940 he has been in New York, associated with the "Contented Hour" broadcasts.

Announce Return For P.F.A. Act In M.D.

Below will be found a complete return of the Prairie Farm Assistance Act from their office in Regina, Saskatchewan, as it applies to the Municipal District of Wainwright.

The P.F.A. Act was an Act of the Dominion parliament in which all farmers delivering grain to an elevator, participate in setting up a fund from which they can draw in the event of low crop years. The act is designed to cover minimum bushels per acre in a given township. From 0 to 4 bushels per acre the assistance given is a little more than from 4 to 8 bushels per acre. The basis for payment is on an acreage basis, work of out at so many acres sown. The return for this M.D. are as follows:

Wainwright, Alberta

23rd February, 1948

WAINWRIGHT. WEDNESDAY MARCH 3rd, 1948

What the above means to Canadian farmers is only a matter of time. It is happening that time alone will settle. With Canada's most active competitor charging higher prices, it is possible that Canada might follow suit, with the result that the farmer will receive more for his labors. Let's face the question squarely. We do not wish to place Britain under more strain than she is already under, but in the light of pure and simple business it might be advisable to seek a new price agreement now. Remember the old saying: "Striking while the iron is hot."

It is estimated by the Editor that at least 12 to 18 inches of level snow fell in the 48 hour period last week. This certainly can block the roads, disrupt plans and communication, slow down the train service and go a long way in general to make life most miserable.

A regular Stamp Club meeting was held at the home of the treasurer, John Stinert. He reported 58c in the treasury. After games were played, the meeting was then adjourned.

Sunday the theory of restrictive taxation ceases to be logical in so far as those needs are so vast and so utterly real. It takes from the worker the will to work his best; it takes from the capitalist the daring to risk something for the sake of possible gain. It takes from management the urge to use the technical skill at its hand to produce more. If taxation must remain high, which seems the probability, it seems that we might reasonably urge that we make our profit out of the increased urge for greater production rather than the stifling that urge at its source.

At a wedding service in the Wainwright United Church, Monday, Miss Cheryl Johnson of Greenfield, celebrated the bride of James Stranahan of Burnsville, Minn. The bride and groom, both of them residents of Burnsville, returned to their new home on the same day. The couple will reside in Greenfield.

On Friday evening last, the twice postponed annual general meeting of the local Canadian Legion was held in the Masonic Hall. In view of the fact that inclement weather often prevents out of town members from attending it was resolved that in the future the annual general meeting be held in June.

If you think it provides more opportunity to take people's homes in three years taxes which amounts to the price of the fences, if through crop failure, etc. they are unable to pay the taxes. Well you may as well forget about it—as far as I'm concerned I won't be dead for another hundred years at least and it looks like it will take that long to find anyone who is willing to invest their money in this location and live under those conditions with not a chance to get any of the investment back

Are You Free to Choose When, Where, and to Whom You Shall Sell Your Wheat AND AT WHAT PRICE?

The Answer is—NO!

If you are satisfied to sell it to the Wheat Board at a controlled price, about one-half of what you would now get for it on a free and open market, well and good.

But if you want to sell your wheat on a free and open market and get a much higher price than the Wheat Board pays, why should the Government stop you?

Freedom of choice should be yours as to when, where, to whom and at what price you shall sell. Do you have it now?

Why should prairie wheat growers be compelled to pay the whole cost of subsidizing cheap wheat for Britain as well as cheap wheat for home consumption? These subsidies should be paid by the Government, that is by all the people and not loaded on to wheat growers alone.

You are compelled to pay top prices for everything you buy. Why not then demand top prices for your wheat?

We repeat—if some farmers are satisfied with a low price for their wheat, why should they and their leaders stop you from getting high prices for yours?

Do you realize how you are now controlled and regulated by the Canadian Wheat Board Act and its Amendments? If you don't, send at once for the pamphlet which gives you the facts.

Mail the coupon below and DO IT NOW.

To The Winnipeg Grain Exchange,
Winnipeg, Manitoba.

Please send me the pamphlet explaining how I am regulated and controlled by the Canadian Wheat Board Act and its Amendments.

Roman Interest Stories

By Douglas W. Smith
Public Relations Officer,
Canadian Legion, HESL

Now I've seen it all. London, Edinburgh, Paris, Brussels, Amsterdam, Berlin, Prague, Vienna, all great centres of the world which took me two years to see. Last summer I saw them all in one week. I was in the sidecar of a German officer who was in that "land of never, never" that fantasist of dreams—Hollywood.

—Con.

The city of times, of make believe where beauty is as common as a dirty finger nail in the third grade, where hearts are broken and trampled daily—there I found people with a face of paint and a heart of gold.

Following four days at the Canadian Legion convention in Sacramento to I flew to Hollywood with Legionnaire Alan Mowbray, well known movie actor. How comes a Canadian Legion convention in Sacramento?

The Canadian Legion has more than 180 branches in the United States consisting of ex-patriate Canadians and Imperial veterans.

The convention at Sacramento was attended by no less than 1,000 Legionnaires and their wives. They came from all parts of sunny California, San Francisco, Los Angeles, Santa Barbara, San Jose, etc.

The Canadian Legionnaires in the United States have their problems. Many of them have not taken out their American citizenship papers and consequently are not entitled to many of the veterans benefits. Also if a stray British veteran should be found dead in an institution with no dependents and little means, the Canadian Legion there steps in and sees he is rescued from Potters Field and given a burial befitting a British veteran.

During the convention in Sacramento I decided to go on to Hollywood and see what could be done towards securing some free and valuable publicity for our poppy campaign.

I must admit at first I felt a little at a loss in this great metropolis whose reputation for being hard-boiled and callous is well known. How I crashed the studios is a long story but armed with only a poppy and a Legion badge I eventually found myself on a studio lot talking to Dorothy Lamour and Yvonne de Carlo.

A few minutes later we were joined by bad man Dan Duryea, who incidentally is a swell guy, Jeffrey Lynn and Alan Mowbray.

Presto in ten minutes later the girls were posing with the Legion berets and selling poppies on the lot and today we have pictures galore for our poppy campaign. Did I want anything else? Could they be of any help asked Roddy McDowall, George Sanders, Jose Hume, Melvyn Douglas, Wayne Morris and others innumerable? Why certainly, anything they could do for the Canadian Legion was ours for the asking.

Had I had enough now asked young bright John Beck, vice-president of Universal-International Studios, if not just say so.

Later Alan Mowbray and some friends cut a special radio disc containing poppy speeches and recitations of patriotic pieces. All of this, mind you, for free.

Yes, sir, now I've seen it all. But next time you hear talk of the hard-boiled denizens of Hollywood, just remember that the majority of them are small town folks at heart, struggling perhaps a little harder than the other fellow to get ahead, but underneath the hard sophisticated shell their hearts beat just as humanely as yours and mine.

Expect \$15,000,000 For Road Work In '48

Assurance that another big highway program will be undertaken in Alberta this year was given in the speech from the throne reading at the opening of the provincial legislature on Feb. 23.

The speech said that in this third year of a five-year program a substantial program of expenditures to improve the highway system will be undertaken. It is also stated that considerable road work will be done.

The appropriation for highway construction and improvements in 1947 was \$15,000,000. Last fall officials of the public works department said contracts had been awarded and various projects undertaken by the department in addition which meant the total appropriation would be spent.

While the actual figure this year will not be known until the budget is brought down, it has been unofficially put at around \$15,000,000.

Officials of the A.M.A. have expressed their satisfaction with the program understood to be proposed for the current year. The organization has advocated for many years the spending of larger sums on road needs and the building up of a high standard highway system.

McCafferty & Browning

It is not news to be told this community has had some very cold, very wintry weather. That condition has been too general and we all realize it too well.

A school meeting was held in the Browning school on Friday and a new Board of Trustees elected as the entire former Board has moved from the district. The members elected were Mrs. Paul Harbeck, chairman; Harry Scott and Jimmy Armstrong with Mrs. Jimmy Armstrong, vice-president.

The weather has been responsible for smaller attendances than is usual on more than one evening. On Friday evening the 18th the young people of Browning, under the chairmanship of the supervisor of the school put on a box social at the school. The weather hampered the full success of that evening although the boxes present were admired and the dance and supper enjoyed.

The motion picture at the Hall on Tuesday evening met with the same fate although again the pictures and the supper were enjoyed by those in attendance.

Mr. Will Kelley is in Edmonton visiting his son and daughter-in-law, Mr. and Mrs. Arthur Kelley.

Mrs. Marie Elton has received word that her daughter Donna (Mrs. Alex Krause) is progressing favorably after an operation in the Lloydminster hospital.

The Hall Committee had Mr. Charlie Flesher of Edmonton down to give advice as to the use and future.

Mr. Henry Spiller has been in Edmonton attending a convention of the Alberta Wholesale Co-operatives and later to Red Deer to a Teachers' Convention.

Survey Made On Changes In Plumbing

One Canadian homeowner in five, plans to make changes or additions to the plumbing system in the home, a recent survey by the Canadian Institute of Plumbing and Heating has revealed. A third of those planning changes intend to make them within the next year, and another 15% within two years. The rest are indefinite.

Most of the changes are planned by rural homeowners. Two-fifths of the rural homeowners planning changes intend to install a bathroom, while 19% planned to install a basin or sink. Another 15% who have depended until now on carrying water from the well, plan to install plumbing.

In the city more than 45% of those planning changes, intend to install an extra toilet, while one in four intend to install a complete bathroom. Other major changes planned by urban and rural homeowners include additional or replaced basins, sinks or bathtubs; hot water equipment; shower, corner pumping. A few in the country plan to move existing facilities to more convenient locations in the home.

Thousands of children in Europe are homeless, hungry and cold. From their numbers may spring a new Einstein—or a new Hitler! The choice is yours. Give generously to the Canadian Appeal for Children.

1,500,000 jobs were filled through the National Employment Service in twenty-two months—January, 1946, to November, 1947.

421,146 of these jobs were found for veterans.

5,534 more were found for persons in the higher earnings bracket through the Executive and Professional Division of the Service.

26,531 more of these placements were made through the Special Placements Division for physically handicapped workers—

204 for persons totally blind, 825 for persons totally deaf, and 53 for persons handicapped by double amputations.

Make full use of your local office of the National Employment Service.

With the Field Supervisor

By F. W. Macdonald

Wainwright Fly Campaign. Again it is time to start organizing the Wainwright Fly Spraying Service in the Municipal District of Wainwright. This Service is a continuation of the Service established and operated during the spring of 1947, with the Fly Spraying Unit purchased by the M.D.

Some 6000 head of cattle were sprayed last spring with very satisfactory results reported. It is hoped that at least double the number may be sprayed this spring. Two Power Units were operated in the districts organized by the Agricultural Service Board, and those districts will receive first consideration this year. It was found that over 100 head of cattle could be sprayed per hour under favorable conditions, and if the cattle can be grouped together into large herds of approximately 100 head or over, we are able to spray up to 600 head or over per day. Small herds take up extra time and thus slow down the Service. The ideal conditions are to have Central Spraying Pens located close to the main roads,

so that a number of farmers can group their cattle together for spraying. These Central Spraying Pens can also be used for Vaccinating cattle against Anthrax Disease in the Fall. All that is needed for spraying is a holding pen and a narrow chute that will hold five head or more. Spraying has to be done from above.

It is hoped that spraying will get under-way as soon after March 15th as possible, providing roads and weather conditions permit. At least two sprayings are required, about three weeks apart. It is also very necessary that spraying be completed before the farmers commence work on the land and the cattle are turned out to pasture.

I would suggest that any cattle, such as milk cows, that are kept in the stable, be sprayed, just the first time, as a number of Warbles are appearing on the skin and there is a danger the animals may drop in the near future and reinfect the herd for another year.

Anybody wishing their cattle sprayed this spring are asked to contact this office as soon as possible in order that their name may be put on the list, and the organization completed in the various districts.

"Save The 50¢" Campaign. I am pleased to report that I have received a few applications to the "Save The 50¢" Campaign to be run in the M.D. of Wainwright during 1948. Don't delay too long getting your application in, and if you didn't receive a form in the Financial Office, we have extra forms on hand that may be had by writing or dropping in at the office. The rules and regulations of the Campaign will be published in an early edition of your local paper.

In The Legislature

By Wm. Macdonald

Through the courtesy of the Editor of this paper it is my intention to again, as in the past, bring to you each week some of the Highlights of the present Session. I will endeavor to give the high spots of the more important Bills, Motions and Debates coming before the Members.

With more than usual color the present Session got under way on Thursday last, when the Speech from the Throne was read by Chief Justice Harvey, acting for Lt-Governor J. C. Brown; the Lt-Governor was ill.

The Motion to adopt the Speech from the Throne was moved the following day by J. C. Laidlaw, M.L.A. for Lethbridge, and was seconded by the Member for Peace River, Mr. Wm. F. Pritchard. The Speech forecast considerable legislation in the field of interest to the farmers of this Province. It includes wider services by District Agricultural, Home Economics and Agricultural Service Boards; it promised the completion of the Animal Pathological Laboratory; the extension of irrigation; and an enquiry into the feasibility of building a dam on the Red Deer river for electric power and irrigation purposes. The Government is going to make a comprehensive enquiry into the cost of farm production.

Every assistance is promised to continue the search for oil in the Province, in an attempt to overcome a general shortage of this much needed commodity. A survey of the natural gas picture will be made to insure that there are no experts who supply for Alberta citizens is assured.

Three new full-time health units will be established, and a mobile mental hygiene clinic will be organized to serve the needs of the northern part of the Province. Work will start this year on a new 200-bed T.B. sanatorium.

Continued road building expansion, as part of the Government's five-year road programme, will form a large part of this year's activities. It seems likely that increased grants for municipal road construction and improvements will be made this year. A Bill has already been introduced which will eliminate Daylight Saving Time in the Province.

The early days of the new Session show the dismissal of one Deputy Minister, L. D. Byrne, who was in the Dept. of Economic Affairs and, at the same time, was Technical Adviser of the Social Credit Board. His dismissal resulted in the Premier requesting the resignation of the Minister of Education, R. E. Asaley. Both these men persisted in following policies opposed to the present administration. The new Minister of Education will be Mr. Ivan Casey, Member for Okotoks-High River. Mr. Casey

GILT EDGE

Mr. and Mrs. Armand LaFrance are busy preparing to move to their new home south of here. After a visit with the Anderson family, Mr. Glendinning returned home to Calgary last week. Clifford Fletcher visited in the district the first of the week. He brought Mrs. Jack McClellenn who had been visiting with her sister Mrs. C. Fletcher home.

We are pleased to report that Mrs. Elwood Stanton who has been on the sick list is better again. Last Friday's blizzard was the worst storm of the season and blocked all the roads in the district, even our postal mail men couldn't come through.

There was a good attendance at the meeting of the Gilt Edge Welfare Club held last Thursday at the home of Mrs. W. Stanton.

Congratulations are extended to Mr. and Mrs. Dave McClellenn who are the grandparents of a baby girl, Jessica Patricia, born to their daughter and son-in-law, Mr. and Mrs. Henry Huff of Tuppernash, Wash.

Andrew Blomson who has contracted to cut wood for Bert Kitchen has been unable to start because of the very deep snow in the bush. The school students who are busy writing Easter exams are having difficulty getting to school because of the badly drifted roads, and sleigh bells can be heard clearly ringing as their parents drive them to school. Charlie McClellenn who has been ill at home with a cold the past week is much improved again now. The return of wintry days and evenings makes it a good time to visit your friends and neighbors before the busy season starts.

has had a good many years' experience teaching in this Province, as well as business experience in High River, and is well fitted for the new post.

Mr. and Mrs. J. Redmond were visitors to the city last week.

Mr. Leo Johns is a patient in the Wainwright hospital with pneumonia and at last reports was progressing favorably.

POEY Shaw was home from Camrose to spend a few days with her parents here last week.

The monthly meeting of the United Church W.A. will be held at the home of Mrs. B. Crane on Thursday, March 4th at 8:00 p.m.

Edgerton and district have again been asked to throw its whole weight behind the Annual National Red Cross appeal beginning March 1st. Anyone willing to help in this canvas please contact Mrs. Kingston at Central office.

Mr. J. Strayer went to the city on Saturday and while there visited with her daughter Betty and attended the Ice Carnival.

The regular monthly meeting of the Anglican Church W.A. will be held at the home of Mrs. D. Trimmer on Thursday, March 4th at 8:00 p.m.

The Ice Carnival which was to have been held on Saturday of last week was postponed due to weather and road conditions. Watch for future dates.

The Sligo Club are putting on a play in the Memorial Hall in the near future. The play "Maid of Money" is from all reports excellent entertainment. A dance will follow the play, sponsored by the Legion.

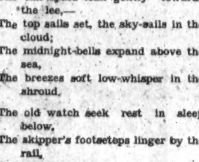

The Village Councilors held their first meeting Monday since election. B. Crane was appointed Mayor for the coming term.

Don't forget the St. Patrick's Day Novelty Dance in the Memorial Hall. Mr. and Mrs. A. E. Challenger and Mr. and Mrs. Wm. Gilbert left for Calgary last week-end where they plan on attending the MacDonald Brier play-offs for the Canadian Championship.

February 23—After a strenuous week of constant playing, the local bonspiel was concluded recently. There were two events played with 26 rinks taking part. The Grand Challenge being the main attraction. Gordon Kerr, Jim Moore, both of Edmonton, along with George Sawyer and Bob McKay took the honors in the Grand Challenge, as well as

WHEN OCEAN SLEEPS
The tall spars lean gently towards the sky.
The top sails set, the sky-sails in the cloud;
The midnight-bells expand above the sea,
The breezes soft low-whisper in the shroud.
The old watch seek rest in sleep below,
The skipper's footsteps linger by the rail.
The foamless waters shine in moon-light glow,
The ensign rests below the after sail.
A stately vessel seeks friendship in the night.
A floating palace somewhere on the main—
Palatial decks far-speeding out of sight.
Awake the sphere, then silence reigns again.
And may the larger faith, the pure design
Perceive our commerce ever more and more,
That peace may broaden neath the will Divine
While bonds harmonious draw from shore to shore.

Answer to this week's Crossword:

second in the Merchants Event and the final game is the left of the Grand Aggregate, carrying away "Grand Challenge" is yet to be played. The cup, Irvin Dahl of Chauvin took. The tourists banquet was held in the honor in the Merchants Event Memorial Hall on Wednesday evening with Roy Evans and his rink taking, ing with almost 90 guests in attendance in the left of the same event, since.

They're here! the NEW IMPROVED 1948 FAIRVIEW WEED-COP Sprayers and Fairview Weed-Cop 2,4-D!
Built in Western Canada for Western Conditions!

Two Models

Tractor Model

Trailer Model

These two new, improved sprayers, bearing the famous FAIRVIEW name, will enable you, at low cost, to grow weed-free cereal and flax crops. You will appreciate the improvements over previous models. See these new and better sprayers at your nearest dealer. The Trade Name, "WEED-COP 2, 4-D" covers the field in both Ammon and Ester formulations, just the same as the new 1948 WEED-COP 2, 4-D SPRAYERS cover the field in efficient economical operation.

WEED-COP Tractor Models are priced so low that the small scale farmer can now undertake a weed control program on an equal footing with the large operator.

WEED-COP 2, 4-D SPRAYERS are custom built to our own specifications in Western Canada, to meet Western conditions.

Check These Points:
• FAIRVIEW WEED-COP 2, 4-D in Ammon, Ester and Dust formulations. ROOM TYPE SPRAYERS trailer or tractor type. Low pressure atomizing nozzles deliver approximately four gallons of dilute solution per acre! FAIRVIEW'S technical advice at no cost or obligation.

MUGGS AND SKEETER

By WALLY BISHOP

McCaffery U.F.W.A.
McCaffery U.F.W.A. had a meeting at the school on February 21 with 17 members in attendance. Mrs. Wm. Kelly was asked to write a letter to Mrs. H. R. Spencer who was unable to attend the meeting because she was suffering from cracked ribs. A letter from the Educational Coun-

cil was read. The secretary, Mrs. Bob Jackson, was asked to write to Mr. Macdonald asking him to support the request for larger school grants. The first point which was to have been held on January 27 will be held after the next National Film Board picture, and which drive.

Most of the afternoon was spent in discussing the ball and methods of

regarding it. It was decided to seek a contractor's advice. The president, Mrs. Emma Smith, gave a demonstration on making "woody dogs". It is hoped to have Mrs. Lane, Junior, show how to make patients at the March meeting. Lunch was served by Mrs. Eason, Mrs. R. C. Tennant and Mrs. Bob Jackson.

**CONTINUATION OF
REPORTS TO
MAYOR'S ANNUAL MEETING**
(continued from page 1)

seems had been approved by the Department of Health regarding sanitation requirements. The above village having also fulfilled the requirements made by notice of the Municipal Council several years ago. Your Municipal Council has benefited greatly by an amendment to the Public Welfare Act passed during the last session of the Provincial Legislature, whereby the Province provides hospitalization, etc., for old and blind pensioners. The same consideration is extended to a woman in receipt of a Mother's Allowance and her dependents. Before the above amendment became law, the Municipal District had this expense. Rates, eight and nine, within our Municipal District, along with the village of Irma, organized the Irma Municipal Hospital District as from July, 1947. Having no hospital at that point their Board of Trustees have made hospital agreements with the Municipal Hospital, Hardy, and Wainwright hospitals, and so far have been very well satisfied with the arrangements.

Townships 42 in Ranges 1, 2 and 3 have been taken into the Provost Hospital District while the rest of Ranges 1, 2 and 3 have come into the Wainwright Hospital District. The result is now that all of our Municipal District has made provision for hospitalization.

We received a very favourable Inspector's Report under the "Department of Municipal Affairs Act" dated 2nd September, 1947, special mention being made regarding the usual high rate of efficiency and management of the Municipal Office. While speaking of the office, I may say that we now have Municipal maps for sale with the property owners on 98 parcels. The price is \$1.00 each.

1947 being the first year under the new assessment, we did not require to have the yearly Court of Revision. We held the 1948 Court of Revision on January 31st, having complaints on 98 parcels. The area east of the Buffalo Park Reserve is now open for grazing lease to a grazing association or Municipality. This area has just been opened for

lease and the Provincial Government would like to see something done with the land in regard to making it into a controlled pasture area.

Mr. V. A. Wood, Director of Lands and Mines, will be in Wainwright to address a public meeting on Thursday, February 28th at 2:30 p.m. in the I.O.O.F. Hall to discuss what is to be done with this pasture reserve. Mr. Wood has also been asked to contact the army authorities regarding letting the cattle use any of the pasture area in range 6 inside the enclosure.

This meeting will give farmers in the surrounding areas a "first chance" on leasing the reserve if they want it set up under a controlled pasture area or community pasture.

We would like a representation from all districts that may be affected. The set up of a Provincial community Pasture would probably affect all private leases on both Crown Land and Municipal lands surrounding the "Park Reserve".

The ratepayers in Township 47, Ranges 4, 5 and 6 called for a vote in the Wainwright. The vote for Ward Law, the vote for the ratepayers, and became effective 1st November, 1947. At the request of numerous ratepayers the Council has drawn up a Bylaw for winter herd law for the free range areas south of the railroad. The same has not yet been presented to the ratepayers.

The Council obtained a blanket permit to trap muskrats on road allowances, but not elsewhere, from 13 September to 15 December, 1947. On some grades, rats had been doing considerable damage.

On August 14th, application from under Section 3 of the Prairie Farm Assistance Act placing the entire Municipal District under such action was completed and forwarded to Regina and to date we are advised that 20 Townships are ineligible, 12 Townships 4 to 6 inclusive, because of the Municipal District Townships in 7B Blocks. The detail of same can be given by the Secretary.

The Province having failed to complete Highway No. 14 to the Saskatoon border as promised in 1946, your Council sent a delegation to interview the Minister of Public Works, Edmonton, last spring. They got assurance that the road would be completed in 1947, but so far nothing has been done. In December the office received a letter stating that the project would be undertaken first thing in the spring of 1948.

The Board of Trade of Elk Point along with the different Boards of Trade from there to Cinar and the various Councils along the way have been urging that the Vermilion-Wainwright Highway be extended both north and south. We are given to understand that they intend to use additional pressure towards this project during 1948.

In April of 1947, the Council sold the smaller Adams Motor Patrol to the Town of Wainwright. In May we got delivery of a new Allis Chalmers AD Motor Grader, which has done a lot of good work this summer in the east end of the District.

During the summer considerable improvements were done to the Municipal Shop. The whole place was stuccoed outside, the lighting system improved and some new equipment installed so as to facilitate the overhaul of the machines. We have had on order some snow fences for almost two years which eventually arrived in the late fall. The Council consider the same as one of the best investments they have ever made, and probably will order more in the future.

One of the main headaches of the Council are School Bus Routes. It would seem the School Division are ahead of us by several years with their program. Of course this will eventually iron itself out, but it is just too bad the School Divisions and the enlarged Municipal Districts could not have been set up about the same time with the same boundaries and so given us an even break.

Of the numerous contractors interviewing the Council regarding contracts in the spring of 1947, Currie Construction of Red Deer, Ford of Vermilion and Miller of Edmonton were awarded the graveling work. Currie Construction were contracted for the dirt work, and due to delay in arriving with equipment at the time agreed upon, wet weather, etc., they were not able to complete their work before freeze up.

16 miles were gravelled and 40 1/2 miles regavelled in various parts of the Municipal District. 70 1/2 miles and 20 miles re-topped of Motor Grader roads and 9 1/2 miles elevated roads were constructed as well as a considerable amount of scraper work being done.

As you are all aware, the Municipal Tax is the only tax your council can control. Of the 17 miles Municipal tax, the following is the breakdown:

General Government	1.6 Mills
Personal property	1.6 Mills
Sanitation	1.6 Mills
Conservation of Health	1.6 Mills
Public Welfare	1.6 Mills
LABOUR	7.5 Mills
Machinery	1.6 Mills

Rates	2.5 Mills
Fuel and Material	2.5 Mills
Balance	1.7 Mills
	12.5 Mills

MISCELLANEOUS
Discount all taxes 1 Mill
Balance 3 Mills
Total 17 Mills
Now Mr. Chairman, Ladies and Gentlemen, you all have financial statements with you. Any questions you may care to ask regarding same, we will be only too glad to answer to the best of our ability. Thank you.

Dust Hinders Home Heating
Keep your radiators dusted if you wish to keep the home warm with a minimum amount of fuel, advise the Canadian Institute of Plumbing and Heating. Dust acts as an insulator and prevents the heat in the radiator from warming the room.
There are two types of radiators in common use today, points out the Institute. These are the large free-standing radiator, and the smaller "convector" type. Both of these depend on a free circulation of air around them, so draperies or furniture should not be placed to block the front of the radiator. Moreover, much of the warmth from the free-standing type is derived from direct radiation, and anything in front of the radiator absorbs this heat.
Don't let the heat in the house escape into the cold outdoors. Not only should the walls, roof and windows be insulated, but windows and doors should not be kept open longer than necessary. Goodbyes should be made indoors rather than on the front porch. A door open for a minute can lower the house temperature several degrees, requiring many pounds of fuel to recover.
If you find an upstairs room too warm, don't open the window without shutting the door of the room. Due to the "chimney effect" of a two or three-story house, the heat in the downstairs rooms will rise and flow out the open window. You will, therefore, cool the room you are in.
A great deal of heat can be lost through a chimney. When the fireplace is not in use, the damper should be closed to prevent air rising up the chimney. If there is no damper, a solid screen should be placed before the fireplace opening. Do not stuff paper up the chimney. You may forget about it.

Sunburst MOTOR COACHES

True reports on the works of the Red Cross by leading Canadian writers

The case of the 7 strangers

by Claire Wallace

There is a man in Canada who has the blood of seven total strangers in his veins. Maybe you wince at that idea. He doesn't. Without it, he would be dead.

Two years ago he was seriously injured in a crash. He received desperate head injuries, and a delicate operation was imperative. But shock and loss of blood had so weakened him that he couldn't have survived one. If... seven strangers had not stepped in.

They were Canadian men and women who had each given a blood donation to the Canadian Red Cross Blood Transfusion Service. When the doctors called for blood to save the life of the accident victim, it was the blood of those seven which pulled him through.

"Were you one of them?"

Today, he is a healthy, happy, useful citizen of Victoria, British Columbia. The only thing that marks him as different from the average man is a rather searching look that sometimes comes into his eyes as he walks along the street. For he often thinks of the seven who saved his life and wonders who they are. As he looks into a stranger's face, he silently asks "Were you one of them? If so, I thank you from my heart."

Similarly, the mother who gave birth to twins and would have died except for blood transfusions... the baby so anemic at birth he could be kept alive only by donated blood... the maid... the sick... the old—all those who owe their lives to blood transfusions say: "Thanks, unknown friend."

Free blood for Canadian hospitals

The Red Cross Blood Transfusion Service plans, as soon as possible, to extend whole blood and plasma free to all patients needing it in hospitals across Canada. Already, two provinces—British Columbia and Alberta—provide this life-saving service. Last year, Alberta and British Columbia distributed 21,044 bottles of whole blood and 2,844 bottles of plasma, resulting in the saving of many lives.

But it takes money as well as blood to save these lives. Hence, this, as the Canadian Red Cross appeals to you now for funds. Give generously. A life may depend upon your donation.

Red Cross Services include: Blood Transfusion, Outpost Hospitals, Aid to Sick and Disabled Veterans, Treatment for Crippled Children, Disaster Relief, Nutrition Services, Home Nursing Courses, Swimming and Water Safety, etc.

LOCAL HEADQUARTERS Mrs. L. W. Smith, Sec., Phone 75
Mrs. G. Graham, President, Phone 42

The work of mercy never ends... Give generously to the CANADIAN RED CROSS

The Faith Of A Family Endures
To enjoy the good in daily lives, the family group has learned the worth of spiritual values and how to benefit by them. Religion and family go hand in hand through life, as each must practise love and co-operation, and each is bound together by ties that are more than earthly.
To get the most out of life, bring your family to the church of your faith regularly. Your service there is a service to mankind, and the lessons you learn there will benefit your fellow men and women.

ASCOT
Several people from the district including the Gullehons, Jacksons, Alexanders, A. Rodgers, Tattermills and others attended the opening Friday of Mr. L. C. Toyn's new garage in town.

A well attended meeting of the Calf Club was held in Wainwright Saturday afternoon. The Calf Club Committee which is represented by Andy Jackson from Ascot provided ample fun as well as constructive entertainment. The meeting was concluded by just about everything in the way of sats which were supplied by the lunch committee.

Red Cross \$10,000 Grant To Aid Rheumatic Sufferers

A measure of new hope is offered to some 600,000 Canadians suffering from arthritic and rheumatic diseases with the formation of a Canadian Arthritis and Rheumatism Society, assisted by an initial grant of \$10,000 from the Canadian Red Cross.

Under the auspices of leading Canadian authorities in medicine, the new society has as its objective: to promote furtherance of prevention, diagnosis, treatment, training of personnel, research and public education in matters pertaining to the disease in its 200 forms.

The Red Cross grant represents one of the first stepping stones in a long-term program on behalf of rheumatic sufferers. A further sum of \$10,000 will be made available by the Red Cross in the near future.

In commenting on the formation of the Canadian Arthritis and Rheumatism Society, Hon. Paul Martin, Minister of National Health and Welfare, expressed his appreciation of the Canadian Red Cross Society's grant as an aid to the efforts of the federal and provincial governments in organizing and establishing this voluntary organization.

ALASKA ROAD PERMIT WILL BE RELAXED

Action is being taken by the Alberta Motor Association to get official word from Ottawa, concerning the reported intention of removing all travel restrictions on the Alaska highway this year.

Recently, officials of the Alaska highway traffic control in Edmonton said they had not had any official word of any changes in regulations and were still requiring permits for those using the highway. Inspections are being made to establish the "road worthiness" of cars.

At a recent meeting of the Edmonton branch of the A.M.A., it was stated that on Feb. 7 a letter had been received from the Canadian travel bureau stating that it had learned that travel restrictions on the Alaska highway will be relaxed this year. It is understood that there has been a marked increase in accommodation and services along the northern road.

Many inquiries are being received by provincial and motor club officials concerning the likelihood of the highway being opened to general tourist travel this year.

Radiograms

IN TRIBUTE TO THE AGENTS
Every evening at ten CJCA presents the Alberta Wheat Pool News. The sponsors are a huge organization with grain agents located at hundreds of points in Alberta. In an effort to bring the agents and the communities they serve more closely into the news picture, CJCA's News Bureau has instituted a rather unique feature.

At the conclusion of each newscast CJCA pays tribute to an Alberta community—making mention of pioneers, war heroes, championships, location, founding and other interesting features. At the conclusion the Wheat Pool Agent in that community receives a credit line for supplying CJCA with the information.

It's a public service that's proving very popular because of its informative and localized nature.

WHITE CLOUD

Mr. L. Dahl and Mr. Joe Tondur were in the city last week with a truck load of cattle.

We are glad to see Mr. A. Bismarck home again, and a cousin Tommy Bismarck came home by car around through the northern States and report a good trip considering the time of year.

The Ladies Welfare Club meeting was postponed until Thursday, February 26, cold weather and bad roads the cause.

Mrs. L. Babin visited with Mrs. Bert Kitchen on Tuesday afternoon of last week.

The home cooking sale and dance to be held the 26th was also postponed but will be held in the near future.

HEATH

Mr. J. Tumbell of Wainwright
spent a day last week with his pa-
rents, Mr. and Mrs. Geo. Tumbell,
before leaving for a holiday at the
coast.

Miss Fay Boud spent the week-
end visiting at the home of her uncle
and aunt Mr. and Mrs. Howard Pol-
lerton in Edmonton, while there Fay
attended the Glencora Ice Carnival.

Mr. and Mrs. H. C. Mockford who
have been holidaying at the coast
were detained on their homeward
journey in Calgary. While visiting
friends, Mr. Mockford suffered a
heart attack Sunday evening and
was rushed to hospital, although he
is very ill latest reports say he is
holding his own. We wish him a
speedy recovery.

Last Friday we had one of the
worst blizzards in the district for sev-
eral years. Mr. and Mrs. Fred Boles
who came to visit with Mrs. Boles
parents, Mr. and Mrs. S. E. Wiley on
Thursday, were storm stayed until
Monday when Mr. Boles, leaving his
family here, returned home by trac-
tor, horseback, etc.

The annual meeting of Health
School District No. 10 was held Wednes-
day afternoon in the school, a record at-
tendance heard Mr. Simonsen, Supr.
of Schools, and Mr. F. Dixon, our
Divisional Trustee, speak on several
items of business. Interest was keen
on conveyance of Health people to
Wainwright by way and the moving of
the present school to a new site in

Sale of Farm Property
By Tender

In order to close out an estate
sealed tenders will be received for
the purchase of the E1/4 of Sec. 20
Twp. 24, Range 6, West of 4th
Meridian in the Province of Alberta,
reserving unto the C.P.R. all coal.
The property will be offered for
sale on the basis of the purchaser as-
suming all current taxes.

Tender must be enclosed in a seal-
ed envelope marked "Tender re Mc-
Intee Estate", addressed to Mr. J. A.
MacKenzie, K.C. Barrister and Soli-
citor, Wainwright, Alberta and must be
in Mr. MacKenzie's hands not later
than 4 o'clock in the afternoon of the
24th day of March A.D. 1948.

Terms of Sale: Each tender shall
be accompanied by a marked cheque
or cash for 10% of the amount of the
tender and the balance of the pur-
chase price shall be paid (unless the
time is otherwise extended within
sixty days after the acceptance of the
tender) without interest.

The deposit of 10% shall be for-
feited by the unsuccessful tenderer if
he refuses to carry out the purchase
after acceptance of his tender. Che-
ques of unsuccessful tenders shall
be returned to them immediately after
rejection thereof.

The highest or any tender not nec-
essarily accepted.

For further particulars apply to J.
A. MacKenzie, Barrister and Soli-
citor, Wainwright, Alberta.

Dated at Wainwright this 1st day
of March, 1948. (17-3)

Phone 228 Wainwright

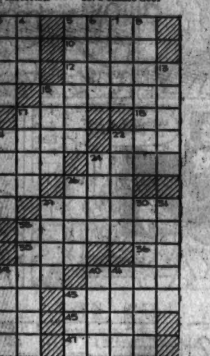

Health. The most trusted doctor who
has been practicing for over 20 years
in Wainwright, Alberta, is Dr. J. A.
MacKenzie, K.C. and at the same time
Dr. MacKenzie is also a member of the
Health School in March 1948. Dur-
ing the week ending March 20th, Dr.
MacKenzie will be in Wainwright for
that evening the draw will also

be made on the night that is being
run.

These were completed last week from
their suggestions and drawn to be held in
the hall at the Wainwright Hotel.

Your Jeweler

CARD OF THANKS

I wish to thank all those supporting
me at the polls on Monday last, re-
sulting in my election to office and
to assure you of my very best efforts,
as Councilor, on your behalf.
